

Wire Fruit Basket

By allowing air to circulate all around, this Tiered Fruit Basket keeps fruit fresher!

Material: Iron wire, 304, 316, 304L, 316L stainless steel wire, etc.

Finish: Zinc coated or chromium plated

Characteristics: Bright color, good structure, standard, etc.

Decorative double-tiered wire fruit basket saves space on your counter, plus helps to prevent mold-causing moisture buildup. Made of polished chromed steel, the Tiered Fruit Basket features two levels of swinging wire hammocks that hang from hooks on the sturdy stand. With its clean, contemporary styling this wire fruit basket is great for vegetables and other produce, too.

Benefits of the Tiered Fruit Basket:

- Wire fruit basket provides excellent ventilation for produce
- Wire fruit basket's double tier design allows you to store more fruit in less space
- Because ripening gases are allowed to escape, fruit lasts longer in the Tiered Fruit Basket
